

CHEM-TROL™

SPRAY ADDITIVE DEPOSITION AID DRIFT RETARDANT

INGREDIENTS:

Polyvinyl polymer (polyacrylamide)	1%
Inert ingredients	99%
TOTAL	100%

Ingredients exempt from residue tolerance under 40 CFR 180.1001

CA REG. NO.
36208-50015

LOVELAND
INDUSTRIES INC.
PO Box 1289 • Greeley, CO 80632

CAUTION: Keep Out of Reach of Children

CAUTION: May Cause Irritation to Skin and Eyes

CHEM-TROL™ USE PRECAUTIONS

The degree of drift hazard varies with the type of pesticide, application conditions and vegetation near the sprayed area. Consult your local agricultural advisor. Remember, pesticide drift is no accident. Common sense and sound application technology must be followed when spraying pesticides. **CHEM-TROL** will retard, but not totally eliminate drift.

CHEM-TROL is an effective, easy-to-use adjuvant for deposition improvement and drift retardation in spraying operations. **CHEM-TROL** is compatible with most water soluble and wettable powder pesticides, desiccants and cotton defoliants when applied by aerial application or standard ground equipment.

CHEM-TROL Directions for Use:

- Step 1. Select correct dosage from chart below.
- Step 2. Fill mix tank with water and pesticide. Then start to agitate.
- Step 3. Add **CHEM-TROL**.
- Step 4. If additional surfactant or other spray adjuvants are used, they should be added after **CHEM-TROL**.
- Step 5. Continue to agitate mix tank at least 2 minutes before spraying.
- Step 6. Follow all clean up precautions on label of pesticide used. Follow governmental procedures for disposal of pesticide spray solution.

DOSAGE CHART

Spray Pressure	Nozzle Orientation	CHEM-TROL Dosage*
AERIAL APPLIED: below 45psi	straight back	2-4 qt
	45° angle back	3-5 qt
	Flat Fan, Flood	1-3 qt
	Off-Center	2-3 qt
GROUND APPLIED: low (below 30psi)	Flat Fan, Flood	2-3 qt
medium (30-50psi)	Off-Center	3-4 qt
	Spray Guns	3-5 qt
	Spray Guns**	3-10 qt

high (50-150psi)

* per 100 gallons of spray solution

** for home and garden sprayers, use approximately 1/4 cup of **CHEM-TROL** per 5 gallons spray solution

Notice: Loveland Industries, Inc. warrants that the product conforms to the chemical description on the label thereof and is reasonably fit for the purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, equipment damage or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of application or use all of which are beyond the control of Loveland Industries, Inc.
